2D and 3D modelling tools

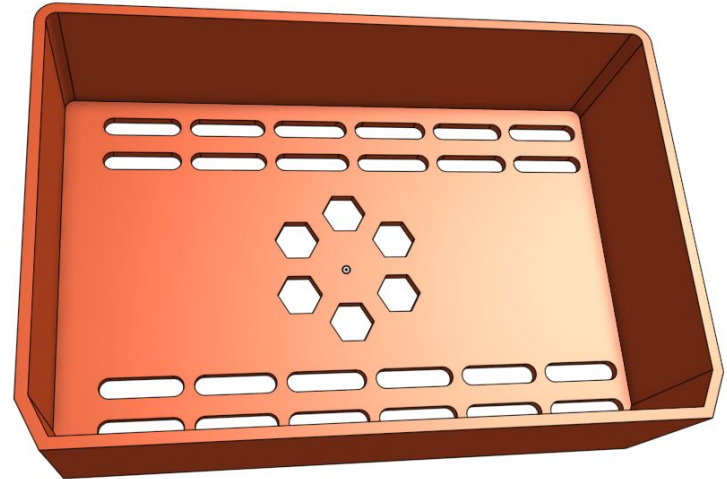

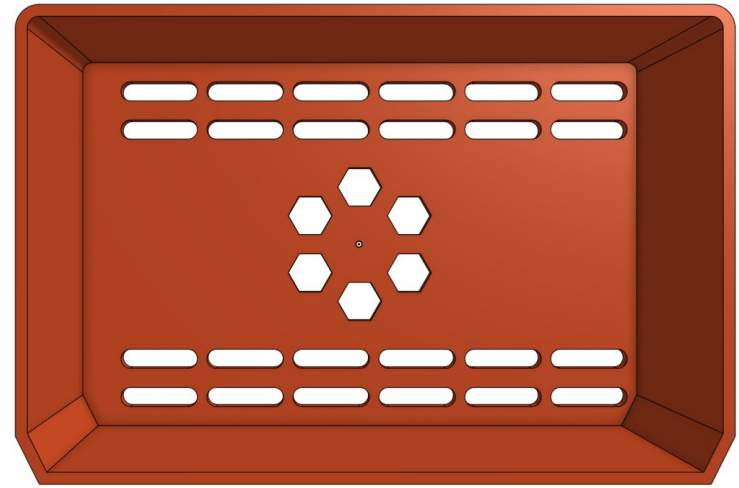

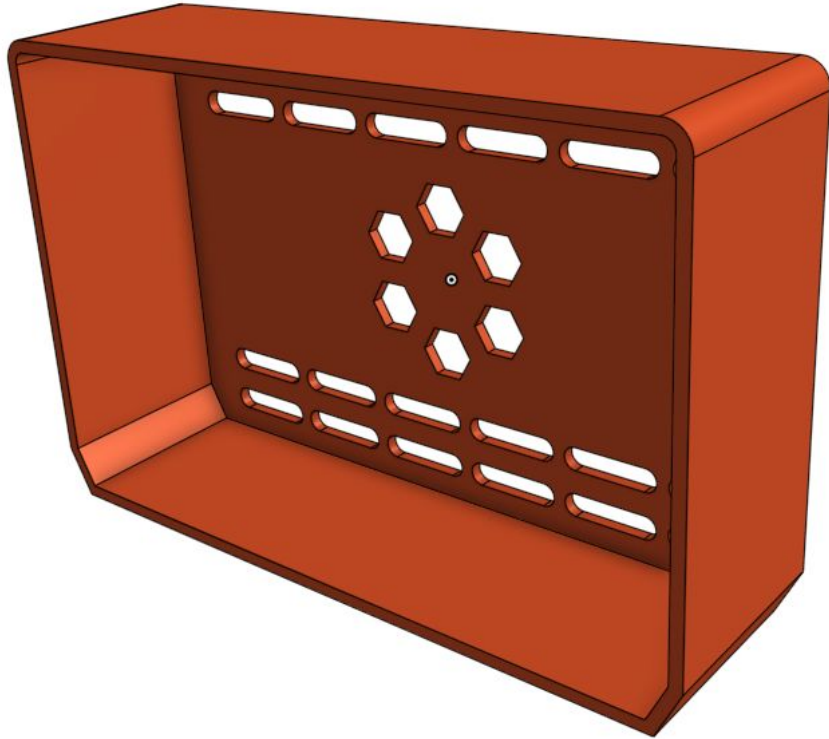

2D modelling:

- Construction lines
- **Constraints**
- Midpoint line
- Circle, arc, point
- Slot
- Fillet, chamfer
- Offset drawings, Convert entities
- Pattern tools (Linear, Circular)
- Mirror
- Transform Sketch

3D modelling:

- Fillet, chamfer
- Pattern tools
- Mirror
- Revolve extrude/cut
- Sweep
- Loft
- Thicken/Enclose
- Draft
- Rib
- Shell
- Hole/Thread
- Plane/Offset Surface
- Helix, Frame

Object made today

Modelling day to day objects

Practice

Practice the tasks from the end of lab 5
