Subject: Announcement of new policy in
opening daycare centre

Dear Team,

I am pleased to announce that the authority has decided to open a daycare centre. The centre will be in full operation from March, 2025 and will certainly benefit the female employees who are concerned about their children's security.

In reference to the application placed by one of our female colleagues the authority took the concern of new mothers or mothers with school going children into account and started to realize the plan of opening the daycare centre. The authority believes that this initiative will benefit both the concerned mothers and their children in many ways.

For further information or questions, please feel free to contact Y, the head of this project.

Thank you for your attention, and I look forward to your active participation in making this initiative a success.

Best regards,
